At 1500

KING HALL AUDITORIUM

Campus Master Plan Emergency Awareness

A campus wide briefing on Naval Postgraduate School construction projects and emergency awareness will be held on Tuesday, October 28, at 1500 in the King Hall auditorium.

The briefing will cover the Campus Master Plan and focus on our current construction projects, as well as those planned for the coming months. Specific topics include the planned additions to Glasgow Hall, construction of the Academic Perimeter Fence, construction of the Perimeter Security Road, renovation of the 9th and 10th Street Gates, repairs of the base wide water distribution system, improvements to the base wide security lighting and City of Monterey construction projects that may impact Naval Postgraduate School.

Additionally, the school will address renovation plans for Herrmann Hall, including the basement renovation, Chapel ceiling repairs, La Novia Room Repairs, Elevator/Entry door repairs, Ballroom Repairs, Fire Escape & Railing Repairs, El Prado Room Renovations and ECMS Installation.

The Emergency Awareness presentation will follow the Campus Master Plan presentation. The Emergency Awareness presentation will cover key concerns of emergency awareness and preparedness that are specific to the Naval Postgraduate School, including roles and responsibilities for all personnel.
